WHAT TO DO NEXT

You will need to justify why you need to undertake unit(s) at a university other than your Home Institution and have your application for the nominated unit(s) to be credited towards your current course approved by the designated officer at your Home University. UWA students must ask their Sub-Dean/Associate Dean or Faculty Academic Adviser to assess the content of and give approval for the proposed unit(s) to be taken at the Host University.

Full details of all units offered are to be found in current university handbooks, available for reference in universities or public libraries or university websites.

Once approved by your home university, present a **copy** of this application form to the Host University together with the following documents:

- A copy of your most recent academic record from your Home Institution
- A copy of your current enrolment record from your Home Institution

If your application is approved by the Host University, you will be provided with the relevant enrolment material which you must complete and return to the Host University by the date specified. Your course fee liability for units undertaken will be incurred at the **Host University**.

HOME UNIVERSITY EQUIVALENT UNITS

You must enrol at both your Home Institution and Host Institution for the period of any cross-institutional enrolment. Any units being undertaken at a Host University must also be represented on your enrolment at your Home University with equivalent unit code(s). The generic unit codes listed below are used to indicate your enrolment at UWA however they are worth 0 credit points, do not contribute to your UWA EFSTL and therefore do not incur fees at UWA.

Once your cross-institutional study has been approved, your Faculty Student Office will advise you of the correct unit code/s to enrol in.
